Verizon works to satisfy all service requests, but not every initiated order is ultimately fulfilled. There are occasions when broadband service cannot be installed at the requesting address location due to reasons such as distance, capacity, and equipment incompatibility. In those cases, Verizon will review whether it can provide broadband service from other access points or utilize available equipment. If Verizon's review is unsuccessful, then the order is cancelled and the customer is notified.

Date: 6/20/2014

Name of companies covered by this Certification: Verizon - New York

I, Kevin Service, certify that I am an officer of each of the Verizon entities listed above and, acting as an agent of these companies. Verizon has established operating procedures designed to comply with applicable consumer protection rules. Verizon is subject to service quality requirements in many states and complies with their related duties, which, depending on the state, may include periodic performance reporting, the implementation of improvement plans and monetary payments if the reported performance does not meet applicable standards.

Ray Halbritter, Representative  
Oneida Indian Nation  
2037 Dream Catcher Plaza  
Oneida, New York 13421

Dear Representative Halbritter:

As a part of Verizon's ongoing outreach to Native American tribal leaders, I would like to invite you and other senior tribal representatives to meet with an executive from Verizon to review the current and proposed services that Verizon provides. This will also provide a forum to address any other matters that you would like to discuss. The following agenda should provide an appropriate framework to facilitate a useful and productive discussion:

- Current and Proposed Services
- Service Procurement and Sustainability
- Opportunities for Working Together
- Tribal Licensing Requirements

We would like to schedule a meeting at a convenient location for you and other members of your tribal government. Please reply to Brad Wright at [brad.wright@verizon.com](mailto:brad.wright@verizon.com), or at 972-718-1740 to finalize a meeting location and date. We look forward to forging a meaningful and beneficial relationship with you and your members.

I also wanted to be sure that tribal leadership is aware of a government assistance program known as tribal Lifeline or Native American Lifeline. The enhanced tribal Lifeline program was implemented by the Federal Communications Commission (FCC) and is available through local telephone companies like Verizon. Through this program, local service is available to qualified individuals at a discounted rate. In addition, eligible individuals can also save on the cost of getting new phone service installed through the Link Up program.

Chief Irving Powless, Jr.  
Onondaga Indian Nation  
102 W. Conklin Avenue  
Nedrow, New York 13120

Dear Chief Powless:

As a part of Verizon's ongoing outreach to Native American tribal leaders, I would like to invite you and other senior tribal representatives to meet with an executive from Verizon to review the current and proposed services that Verizon provides. This will also provide a forum to address any other matters that you would like to discuss. The following agenda should provide an appropriate framework to facilitate a useful and productive discussion:

- Current and Proposed Services
- Service Procurement and Sustainability
- Opportunities for Working Together
- Tribal Licensing Requirements

We would like to schedule a meeting at a convenient location for you and other members of your tribal government. Please reply to Brad Wright at [brad.wright@verizon.com](mailto:brad.wright@verizon.com), or at 972-718-1740 to finalize a meeting location and date. We look forward to forging a meaningful and beneficial relationship with you and your members.

I also wanted to be sure that tribal leadership is aware of a government assistance program known as tribal Lifeline or Native American Lifeline. The enhanced tribal Lifeline program was implemented by the Federal Communications Commission (FCC) and is available through local telephone companies like Verizon. Through this program, local service is available to qualified individuals at a discounted rate. In addition, eligible individuals can also save on the cost of getting new phone service installed through the Link Up program.
